Win a \$5,000 Gift Card with a Green Energy Saving Light Bulb

The Home Depot customers can win store gift card if their n:vision CFL glows green

Aurora, OH (April 2, 2008) – Does your compact fluorescent light bulb (CFL) have the potential to win you a \$5,000 gift card to The Home Depot®? If your energy efficient light bulb glows green when you flip the switch, you are one of the lucky winners in the “Be Green, See Green, Win Green” Promotion co-sponsored by The Home Depot and TCP, Inc., the world’s largest manufacturer of energy saving light bulbs.

From March 24 – May 31, 2008, The Home Depot customers who purchase specific n:vision ENERGY STAR® CFLs, manufactured by TCP, Inc., have the opportunity to win in the “Be Green” Promotion. The n:vision product included in the sweepstakes includes 4 pack 14-watt soft white CFLs (325-472), 4 pack 14-watt bright white CFLs (325-537), 2 pack 23-watt soft white CFLs (325-712) and 2 pack 23-watt bright white CFLs (326-057), each retailing at \$5.88.

The Home Depot and TCP, Inc. will give away a total of \$250,000 in the form of \$5,000 gift cards to The Home Depot. Fifty lucky winners can redeem their green CFL for a gift card and a new energy saving n:vision light bulb by calling 1-877-735-9280 and reading the number off the ballast. The winners will also need to send the CFL back to TCP for verification. The winning prize claims should be made by June 30, 2008. Visit www.nvisioncfl.com/begreen for official promotion rules.

The n:vision line of energy efficient light bulbs uses 75 percent less energy and lasts up to 10 times longer than standard incandescent light bulbs, and produces the same quality of light. The n:vision product featured in the “Be Green” Promotion is packaged in a recyclable, earth-friendly box and will be available in The Home Depot stores through May 31, 2008. The n:vision brand is an Eco Options product at The Home Depot and has less of an adverse effect on the environment than competing brands.

The Home Depot® is the world's largest home improvement specialty retailer, with 2,246 retail stores in all 50 states, the District of Columbia, Puerto Rico, U.S. Virgin Islands, Guam, 10 Canadian provinces, Mexico and China. In fiscal 2007, The Home Depot had sales of \$77.3 billion and earnings from continuing operations of \$4.2 billion. The Company employs approximately 350,000 associates. The Home Depot's stock is traded on the New York Stock Exchange (NYSE: HD) and is included in the Dow Jones industrial average and Standard & Poor's 500 index.

TCP, Inc. is the global leader in energy efficient lighting innovations dedicated to creating high-quality products that are brighter, longer lasting and better for the environment. Headquartered outside Cleveland, Ohio, the company manufactures nearly 1.4 million energy saving compact fluorescent light bulbs (CFLs) every day, accounting for a majority of the CFLs sold in the United States and an annual reduction in carbon dioxide emissions of more than 118 million pounds. TCP's innovative product line extends beyond CFLs to include cold cathode, LED and linear lighting solutions. The company markets a variety of energy efficient lighting brands for commercial, industrial and residential applications, including n:vision at The Home Depot, SpringLight, and EcoVations. TCP employs more than 15,000 people globally and totaled more than \$300 million in sales in 2007. For more information, visit us at www.tcpi.com or call (800) 324-1496.
